

Hoàng Minh Tài

DEVELOPER INTERN

SUMMARY

As a 3rd year student at UTC-HCMC majoring in Information Technology, I have knowledge of software development and understanding of several programming languages such as Dart with Flutter Framework, C#.NET, Java (Android), C/C++, JavaScript, and PHP with Laravel Framework.

My goal is to give people a better life by developing technology solutions.

WORK HISTORY

Multimedia App

Personal Project

06/2022 - 07/2022 (2 months)

- A Flutter project with some interesting features like playing online/offline music, radio player, and powered voice assistant.
- Detail: Flutter Framework, AlanVoice Plugin

Travel App

Collaboration Project (Back-End)

06/2022 - 07/2022 (2 months)

- An Android app that shows everything about the place including images, vehicles, and information to help users choose places for their trip.
- Detail: Java, XML, SQLite

Fahasa Management System

Team Project (Back-End / Team Lead)

09/2021 - 10/2021 (2 months)

- This system is built based on the MVC model. Users can manage products including purchases and sales in their store through reports. There is also an employee attendance feature.
- Detail: C#.NET, SQL Server, Entity Framework, GunaUI

Hospital Management System

Team Project (Back-End / Team Lead)

05/2021 - 06/2021 (2 months)

- This system manages doctors and patient profiles according to the MVC model. Besides, it also supports patients to book an appointment with the doctor.
- Detail: Java, Java Swing, SQL Server

Music Player System

Team Project (Back-End / Team Lead)

11/2020 - 12/2020 (2 months)

- Using C++ to build a music playback system with featured features like looping, and equalizer.

EDUCATION

Information Technology

Bachelors - University Of Transport And Communications - Campus In Ho Chi Minh City

09/2019 - 07/2023 (3 years 11 months)
